MEMORANDUM OF CONVERSATION

SUBJECT: PFIAB/COINS Meeting

I met for about an hour with Cdr Lionel Olmer of the PFIAB staff and General Graham on the subject of the PFIAB/COINS meeting of September 6. A tentative agenda being arranged by ASD(I) is attached. It is not clear why Dr. Baker, who leads the technical panel of PFIAB, is having this review. My own and Olmer's view is that it is to resolve any differences of opinion as to what is impeding COINS proliferation, which would then set the stage for suitable action either in the budgetary process, in the technological area, or in the files substance and quality areas.
